**REQUEST FOR PREQUALIFICATION OF BIDDERS COMMENCING
WITH FORTHCOMING PUBLIC WORK BID**

Notice is hereby given that all bidders on construction of the *Channel Islands Harbor Administration Building Replacement* project (“the project”) to be undertaken by the County of Ventura, by and through its Harbor Department, must be prequalified by the Harbor Department prior to submitting a bid on the project. It is mandatory that all Contractors who intend to submit a bid, fully complete the prequalification questionnaire, provide all materials requested herein, and be approved by Harbor Department to be on the final qualified Bidders list. No bid will be accepted from a Contractor that has failed to comply with these requirements. If two or more business entities submit a bid as part of a Joint Venture, or expect to submit a bid as part of a Joint Venture, each entity within the Joint Venture must be separately qualified to bid. The last date and time to submit a fully completed questionnaire is June 8, 2017 by 4:30 p.m. Contractors are encouraged to submit pre-qualification packages as soon as possible, so that they may be notified of omissions of information to be remedied or of their pre-qualification status well in advance of the bid advertisement for this project.

The project, in a waterfront location, includes demolition of existing facilities, construction of a two-story office building of approximately 9,000 square feet, site stabilization work, marine rock revetment, parking lot, and associated appurtenant work. Please note: the project specifications may include special provisions to ensure that contractors or subcontractors performing the site stabilization and/or marine rock revetment have experience completing similar work.

Answers to questions contained in the attached questionnaire, information about current bonding capacity, notarized statement from surety, documentation of safety qualifications, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information, are required. Harbor Department will use these documents as the basis of rating Contractors as qualified or not to bid on the project. Harbor Department reserves the right to check other sources available. Harbor Department’s decision will be based on objective evaluation criteria.

Harbor Department reserves the right to adjust, increase, limit, suspend or rescind the pre-qualification rating based on subsequently learned information. Contractors whose rating changes sufficient to disqualify them will be notified, and given an opportunity for a hearing consistent with the hearing procedures described below for appealing a prequalification rating.

While it is the intent of the pre-qualification questionnaire and documents required therewith to assist Harbor Department in determining bidder responsibility prior to bid and to aid Harbor Department in selecting the lowest responsible bidder, neither the fact of prequalification, nor any prequalification rating, will preclude Harbor Department from a post-bid consideration and determination of whether a bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness.

One copy of the pre-qualification package should be submitted under seal and marked “CONFIDENTIAL” to:

Project Manager
Ventura County Harbor Department
3900 Pelican Way
Oxnard, CA 93035

The prequalification packages (questionnaire answers, supporting documents, and financial statements) submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in the appeal hearing. State law requires that the names of contractors applying for pre-qualification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated at the end of the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify Harbor Department and provide updated accurate information in writing, under penalty of perjury.

Harbor Department reserves the right to waive minor irregularities and omissions in the information contained in the prequalification application submitted, to make all final determinations, and to determine at any time that the prequalification procedures will not be applied to a specific future public works project.

Contractors may submit prequalification packages during regular working hours on any day that the Harbor Department offices are open. Contractors who submit a complete pre-qualification package will be notified of their qualification status no later than ten business days after submission of the information.

Harbor Department may refuse to grant prequalification where the requested information and materials are not provided, or not provided by June 8, 2017, at 4:30 p.m. There is no appeal from a refusal for an incomplete or late application. The closing time for bids will not be changed in order to accommodate supplementation of incomplete submissions, or late submissions.

Where a timely and completed application results in a rating below that necessary to pre-qualify, an appeal can be made. An appeal is begun by the Contractor delivering notice to Harbor Department, at the address specified above, of its appeal of the decision with respect to its pre-qualification rating and grounds for its appeal, no later than ten business days after receipt of notice of its qualification status. Without a timely appeal, the Contractor waives any and all rights to challenge the decision of the Harbor Department, whether by administrative process, judicial process or any other legal process or proceeding.

If the Contractor gives the required notice of appeal and requests a hearing, the hearing shall be conducted so that it is concluded no later than ten business days after Harbor Department's receipt of the notice of appeal. The hearing shall be an informal process conducted by the Harbor Director, or an individual to whom the Harbor Director has delegated responsibility to hear such appeals. At or prior to the hearing, the Contractor will be advised of the basis for Harbor Department's pre-qualification determination. The Contractor will be given the opportunity to present information and present reasons in opposition to the rating. Within one day after the conclusion of the hearing, the Harbor Director will render their decision. It is the intention of Harbor Department that the date for the submission and opening of bids will not be delayed or postponed to allow for completion of an appeal process.

Note: A contractor may be found not prequalified for either:

- (1) Omission of requested information or
- (2) Falsification of information
